#### Independent Auditors' Report

#### To YUNG CHI PAINT & VARNISH MFG. CO., LTD:

#### Audit opinion

We have audited the parent company only balance sheet of YUNG CHI PAINT & VARNISH MFG. CO., LTD (YUNG CHI) as of December 31, 2024 and 2023, and the parent company only statement of comprehensive income, parent company only statement of changes in equity, and parent company only statement of cash flows for the period from January 1 through December 31, 2024 and 2023, and the notes to the parent company only financial statements (including the summary of significant accounting policies).

In our opinion, the parent company only financial statements were prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and thus presented fairly, in all material aspects, the financial position of YUNG CHI as of December 31, 2024 and 2023, and its parent company only financial performance and cash flows for the period from January 1 through December 31, 2024 and 2023.

#### **Basis for Opinions**

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We were independent of YUNG CHI in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China and fulfilled all other responsibilities thereunder. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those that, in our professional judgment, were of utmost significance in our audit of the parent company only financial statements of YUNG CHI for the year ended December 31, 2024. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these issues.

Key audit matters for the parent company only financial statements of YUNG CHI for the year ended December 31, 2024 are stated as follows:

#### Revenue recognition

YUNG CHI mainly engages in manufacture and sale of paints and coating materials and the undertaking of painting projects, of which the manufacture and sale of paints and coating materials accounts for more than 90% of annual sales. Since revenue recognition is something whose default setting carries significant risks, and which fluctuates along with market demand changes and is of concern to users of the financial statements, we have identified the revenue from specific customers and the sale of specific paints and coating materials as the key audit matter. For the accounting policy regarding sales revenue, see Note 4 of this parent company only financial statements.

We also performed the following key audit procedures:

- I. Understood and tested the design of the internal control over the sales cycle, as well as the effectiveness of implementation thereof.
- II. Checked relevant documents to see whether the control over products has indeed transferred and performance obligations fulfilled; tested the collection cycle to see whether revenues have indeed occurred.
- III. Examined significant sales return after the reporting date to verify the authenticity of sales revenue recognized before the balance sheet date.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

Management is responsible for the preparation and fair presentation of the standalone financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines it is necessary to enable the preparation of standalone financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the ability of YUNG CHI to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate YUNG CHI or to cease operations or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing YUNG CHI's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of

assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards will always detect a material misstatement when it exists in these parent company only financial statements. Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with the auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also conduct the following tasks:

- I. Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- II. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of internal control of YUNG CHI.
- III. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- IV. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of YUNG CHI to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause YUNG CHI to cease to continue as a going concern.
- V. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures and whether or not the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- VI. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities of YUNG CHI to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision, and performance of the

audit of YUNG CHI. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements of YUNG CHI for the year ended December 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Audit opinion

We have audited the consolidated balance sheet of YUNG CHI PAINT & VARNISH MFG. CO., LTD ("YUNG CHI" hereinafter) and its subsidiaries as at December 31, 2024 and 2023, and the consolidated statement of comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flow for the period from January 1 through December 31, 2024 and 2023, and 2023, and the notes to the consolidated financial statements (including the summary of significant accounting policies).

In our opinion, the said consolidated financial statements were prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC interpretations, and SIC interpretations that were approved and promulgated by the Financial Supervisory Commission (FSC), and thus presented fairly, in all material aspects, the consolidated financial position of YUNG CHI and its subsidiaries as of December 31, 2024 and 2023, and the consolidated financial performance and cash flows for the period from January 1 through December 31, 2024 and 2023.

#### **Basis for Opinions**

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We were independent of YUNG CHI and its subsidiaries in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China and fulfilled all other responsibilities thereunder. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those that, in our professional judgment, were of utmost significance in our audit of the consolidated financial statements of YUNG CHI and its subsidiaries for the year ended December 31, 2024. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these issues.

Key audit matters for the consolidated financial statements of YUNG CHI and its subsidiaries for the year ended December 31, 2024 are stated as follows:

#### Revenue recognition

YUNG CHI and its subsidiaries mainly engage in manufacture and sale of paints and coating materials and the undertaking of painting engineering work, of which the manufacture and sale of paints and coating materials accounts for more than 90% of annual operating revenue. Since revenue recognition is something whose default setting carries significant risks, and which fluctuates along with market demand changes and is of concern to users of the financial statements, we have identified the revenue from specific customers and the sale of specific paints and coating materials as the key audit matter. For the accounting policy regarding sales revenue, see Note IV of this consolidated financial statements.

We also performed the following key audit procedures:

- I. Understood and tested the design of the internal control over the sales cycle, as well as the effectiveness of implementation thereof.
- II. Checked relevant documents to see whether the control over products has indeed transferred and performance obligations fulfilled; tested the collection cycle to see whether revenues have indeed occurred.
- III. Examined significant sales return after the reporting date to verify the authenticity of sales revenue recognized before the balance sheet date.

#### Other Matters

YUNG CHI has prepared the parent company only financial statements for the years ended December 31, 2024 and 2023, for which we have issued an audit report containing an unqualified opinion for reference.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The management was responsible for fairly presenting these consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC interpretations, and SIC interpretations that were approved and promulgated by the Financial Supervisory Commission, and for maintaining the necessary internal control related to the preparation of these consolidated financial statements to ensure that these consolidated financial statements were free of material misstatements, whether due to fraud or errors.

In preparing the consolidated financial statements, management is responsible for assessing

the ability of YUNG CHI and its subsidiaries to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate YUNG CHI and its subsidiaries or to cease operations or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the financial reporting process of YUNG CHI and its subsidiaries. Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards will always detect a material misstatement when it exists in these consolidated financial statements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also conduct the following tasks:

- I. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- II. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of internal control of YUNG CHI and its subsidiaries.
- III. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- IV. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of YUNG CHI and its subsidiaries to continue as a going concern. If we conclude that a

material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- V. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- VI. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within YUNG CHI and its subsidiaries to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the audit for the Group. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of consolidated financial statements of YUNG CHI and its subsidiaries for the year ended December 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Shareholders shall attend shareholders' meetings based on attendance cards, sign-in cards, or other certificates of attendance. The Company may not arbitrarily add requirements for other documents beyond those showing eligibility to attend presented by shareholders. Solicitors soliciting proxy forms shall also bring identification documents for verification.

The Company shall furnish the attending shareholders with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

The Company shall furnish attending Shareholders with the meeting handbook, annual report, attendance card, speaker's slips, voting slips, and other meeting materials. Where there is an election for directors, pre-printed ballots shall also be furnished.

When the government or a juristic person is a shareholder, it may be represented by more than one representative at a shareholders' meeting. When a juristic person is appointed to attend a

shareholders' meeting as proxy, it may designate only one person to represent it in the meeting. Shareholders who would like to attend the teleconferencing shareholder meeting should register with the Company at least two days before the shareholder meeting.

For shareholder meetings that are held by videoconference, the Company shall upload the meeting manual, annual report and other relevant information to the videoconference platform of the shareholder meeting at least 30 minutes before the meeting starts, and keep them disclosed until the end of the meeting.

VI-1: To convene a virtual shareholders' meeting, the Company shall include the following particulars in the shareholders' meeting notice:

- (I) The manner in which shareholders attend the virtual meeting and exercise their rights.
- (II) Actions to be taken if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents, or other force majeure events, at least covering the following particulars:
  - 1. To what time the meeting is postponed or from what time the meeting will resume if the above obstruction continues and cannot be removed, and the date to which the meeting is postponed or on which the meeting will resume.
  - 2. Shareholders not having registered to attend the affected virtual shareholders' meeting shall not attend the postponed or resumed session.
  - 3. In case of a hybrid shareholders' meeting, when the virtual meeting cannot be continued, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders' meeting online, meets the minimum legal requirement for a shareholder meeting, then the shareholders' meeting shall continue. The shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, and the shareholders attending the virtual meeting online shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders' meeting.
  - 4. Actions to be taken if the outcome of all proposals have been announced and extraordinary motion has not been carried out.
- (III) To convene a virtual-only shareholders' meeting, appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders' meeting online shall be specified.
- VII. If a shareholders' meeting is convened by the Board of Directors, the meeting shall be chaired by the Chairman of the Board. When the Chairman of the Board is on leave or for any reason unable to exercise the powers as chairman, the Vice Chairman shall act in place of the Chairman; if there is no vice chairman or the Vice Chairman is also on leave or for any reason unable to exercise the powers as vice chairman, the Chairman shall appoint one of the directors to act as chair. Where the Chairman does not make such a designation, the directors shall select from among themselves one person to serve as chair.

When a director serves as chair, as referred to in the preceding paragraph, the director shall be one who has held that position for six months or more and who understands the financial and business conditions of the company. The same shall be true for a representative of a juristic person director

that serves as chair.

It is advisable that shareholders' meetings convened by the Board of Directors be chaired by the Chairman of the Board in person and attended by a majority of the directors, and at least one member of each functional committee on behalf of the committee. The attendance shall be recorded in the meeting minutes. If a shareholders' meeting is convened by a party with power to convene other than the Board of Directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall select a chair from among themselves.

The Company may appoint its attorneys, certified public accountants, or related persons designated by it to attend a shareholders' meeting in a non-voting capacity.

VIII. The Company, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders' meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least one year. However, if a shareholder raises a litigious claim against the Company according to Article 189 of The Company Act, the abovementioned documents must be retained until the end of the litigation.

For the shareholder meetings held by teleconferencing, the Company shall retain records of the shareholders' registration, login, check-in, questioning, voting and vote counting results, etc., and make continuous and uninterrupted audio and video recording of the entire meeting.

The above-mentioned materials and audio and video recordings shall be properly retained by the Company during the period of existence, and they shall be provided to those who are entrusted with handling teleconferencing tasks.

In case of a virtual shareholders meeting, the Company is advised to audio and video record the back-end operation interface of the virtual meeting platform.

IX. Attendance at shareholders' meetings shall be calculated based on number of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in, and the shares checked in on the virtual meeting platform, plus the number of shares whose voting rights are exercised by correspondence or electronically. The chair shall call the meeting to order at the appointed meeting time and disclose information concerning the number of nonvoting shares and number of shares represented by shareholders attending the meeting. However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned at the virtual meeting platform.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders' meeting shall be convened within one month. In the event of a virtual shareholders' meeting, shareholders intending to attend

the meeting online shall re-register with the Company in accordance with Article 6. When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders meeting pursuant to Article 174 of the Company Act.

X. If a shareholders' meeting is convened by the Board of Directors, the meeting agenda shall be set by the Board of Directors. Votes shall be cast on each separate proposal in the agenda (including extraordinary motions and amendments to the original proposals set out in the agenda). The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders' meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders' meeting convened by a party with the power to convene that is not the Board of Directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda mentioned in the previous two paragraphs (including extraordinary motions), except by a resolution of the shareholders' meeting. If the chair declares the meeting adjourned in violation of the rules of procedure, the other members of the Board of Directors shall promptly assist the attending shareholders in electing a new chair in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting. The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chair is of the opinion that a proposal has been discussed sufficiently to be put to a vote, the chair may announce the discussion closed, call for a vote, and schedule sufficient time for voting.

XI. Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chair and the shareholder that has the floor; the chair shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholders' meeting, only one of the representatives so appointed may speak on the same proposal.

After an attending shareholder speaks, the chairman shall personally answer or designate a person to answer.

Where a virtual shareholders meeting is convened, shareholders attending the virtual meeting online may raise questions in writing at the virtual meeting platform from the chair declaring the meeting open until the chair declaring the meeting adjourned. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in

paragraphs 1 to 5 do not apply.

As long as questions so raised in accordance with the preceding paragraph are not in violation of the regulations or beyond the scope of a proposal, it is advisable the questions be disclosed to the public at the virtual meeting platform.

XII. Votes casted at a shareholders' meeting shall be calculated based the number of shares.

The shares of the shareholders without voting rights are not counted in the total issued shares for the resolution of the meeting.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of the Company, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder. The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders. With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed three percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

XIII. A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act. When the Company holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders' meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person; however, such a shareholder shall be deemed to have meeting. It is therefore advisable that the Company avoid the submission of extraordinary motions and amendments to original proposals of that meeting. It is original proposals.

A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to the Company two days before the date of the shareholders' meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail; however, if a declaration is made to cancel the said intent, such a declaration shall prevail.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders' meeting in person or online, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to the Company, by the same means by which the voting rights were exercised, two business days before the date of the shareholders' meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders' meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in the Company's Articles of Incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of the Company.

Vote counting for shareholders' meeting proposals or elections shall be conducted in public at the place of the shareholders' meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

When the Company convenes a virtual shareholders' meeting, after the chair declares the meeting open, shareholders attending the meeting online shall cast votes on proposals and elections on the virtual meeting platform before the chair announces the voting session ends; the shareholder failing to do so will be deemed to have abstained from voting.

In the event of a virtual shareholders' meeting, votes shall be counted at once after the chair announces the voting session ends, and results of votes and elections shall be announced immediately.

When the Company convenes a hybrid shareholders' meeting, if shareholders who have registered to attend the meeting online in accordance with Article 6 decide to attend the physical shareholders' meeting in person, they shall revoke their registration two days before the shareholders' meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders' meeting online.

When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders' meeting online, except for extraordinary motions, they may not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the original proposal.

XIV. The election of directors and independent directors at a shareholders' meeting shall be held in accordance with the applicable election and appointment rules adopted by the Company, and the voting results shall be announced on-site immediately, including the names of those elected as directors and independent directors and the numbers of votes with which they were elected, and the names of directors and independent directors not elected and number of votes they received. The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least one year. However, if a

shareholder raises a litigious claim against the Company according to Article 189 of The Company Act, the abovementioned documents must be retained until the end of the litigation.

XV. Matters relating to the resolutions of a shareholders' meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.

The Company may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors. The minutes shall be retained for the duration of the existence of the Company.

Where a virtual shareholders' meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders' meeting, how the meeting is convened, the chair's and secretary's name, and actions to be taken in the event of disruption to the virtual meeting platform or participation in the meeting online due to natural disasters, accidents, or other force majeure events, and how issues are dealt with shall also be included in the minutes.

When convening a virtual-only shareholder meeting, other than compliance with the requirements in the preceding paragraph, the Company shall specify in the meeting minutes alternative measures available to shareholders with difficulties in attending a virtual-only shareholders meeting online.

XVI. On the day of a shareholders' meeting, the Company shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation, the number of shares represented by proxies and the number of shares represented by shareholders attending the meeting by correspondence or electronic means, and shall make an express disclosure of the same at the place of the shareholders' meeting. In the event a virtual shareholders' meeting, the Company shall upload the above meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting. During the Company's virtual shareholders' meeting, when the meeting is called to order, the total number of shares represented at the meeting shall be disclosed on the virtual meeting platform. The same shall apply whenever the total number of shares represented at the meeting.

If matters put to a resolution at a shareholders' meeting constitute material information under applicable laws or regulations or under Taiwan Stock Exchange Corporation regulations, the Company shall upload the content of such resolution to the MOPS within the prescribed time period.

XVII. Staff handling administrative affairs of a shareholders' meeting shall wear identification cards or arm bands.

The chair may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor." When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.

XVIII. When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders' meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders' meeting to defer or resume the meeting within five days in accordance with Article 182 of the Company Act.

- XIX. For shareholder meetings that are held by teleconferencing, the Company immediately discloses the voting results of motions and election results to the teleconferencing platform of the shareholder meeting in accordance with the regulations, and keeps them disclosed for at least another 15 minutes after the chair announces the ending of the meeting.
- XX. Both the chairperson and the meeting minute keeper shall be at the same domestic location when holding teleconferencing shareholder meetings, and the chair should announce the address of the place at the beginning of the meeting.
- XXI. In the event of a virtual shareholders meeting, the Company may offer a simple connection test to shareholders prior to the meeting, and provide relevant real services before and during the meeting to help resolve communication technical issues.

In the event of a virtual shareholders meeting, when declaring the meeting open, the chair shall also declare, unless under a circumstance where a meeting is not required to be postponed to or resumed at another time under Article 44-20, paragraph 4 of the Regulations Governing the Administration of Shareholder Services of Public Companies, if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events before the chair has announced the meeting adjourned, and the obstruction continues for more than 30 minutes, the meeting shall be postponed to or resumed on another date within five days, in which case Article 182 of the Company Act shall not apply.

For a meeting to be postponed or resumed as described in the preceding paragraph, shareholders who have not registered to participate in the affected shareholders' meeting online shall not attend the postponed or resumed session.

For a meeting to be postponed or resumed under the preceding two paragraphs, the number of shares represented by, and voting rights and election rights exercised by the shareholders who have registered to participate in the affected shareholders' meeting and have successfully signed in the meeting, but do not attend the postponed or resumed session, at the affected shareholders' meeting, shall be counted towards the total number of shares, number of voting rights, and number of election rights represented at the postponed or resumed session.

During a postponed or resumed session of a shareholders' meeting held under paragraph 2, no further discussion or resolution is required for proposals for which votes have been cast and counted and results have been announced, or list of elected directors and supervisors.

When the Company convenes a hybrid shareholders' meeting, and the virtual meeting cannot continue as described in paragraph 2, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders' meeting online, still meets the minimum legal requirement for a shareholder meeting, then the shareholders' meeting shall continue, and no postponement or resumption thereof under paragraph 2 is required.

Under the circumstances where a meeting should continue as in the preceding paragraph, the shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, provided these shareholders shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders' meeting.

When postponing or resuming a meeting according to paragraph 2, the Company shall handle the preparatory work based on the date of the original shareholders' meeting in accordance with the requirements listed under Article 44-20, paragraph 7 of the Regulations Governing the Administration of Shareholder Services of Public Companies.

For dates or period set forth under Article 12, second half, and Article 13, paragraph 3 of Regulations Governing the Use of Proxies for Attendance at Shareholder Meetings of Public Companies, and Article 44-5, paragraph 2, Article 44-15, and Article 44-17, paragraph 1 of the Regulations Governing the Administration of Shareholder Services of Public Companies, the Company shall handle the matter based on the date of the shareholders' meeting that is postponed or resumed under paragraph 2.

- XXII. When convening a virtual-only shareholders' meeting, the Company shall provide appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders' meeting online.
- XXIII. These Rules are to be announced and implemented after being approved by the shareholders meeting, and likewise for the revision.
